

PROFESSIONAL CUTTING TOOLS

NEW STATE OF THE ART CNC

COLD SAW & HIGH SPEED STEEL SAWBLADE GRINDING MACHINE

Our new machine is a fully programmable, flood cooled machine delivering precise hook, gullet and back clearance geometries. We can now achieve accurate multiple tooth configurations for specific applications in one set up. Customers can expect a superior grind quality, longer run times, precise removal rates in sharpening and maximum blade life.

- Cold Saws
- HSS
- Ferrous
- Nonferrous
- Friction
- Segmental
